**Phone** : 0(546) 872 8704  
**Address** : Balıkesir, Karesi

## SUMMARY

---

Having 3+ years experience in IT and 1+ years of experience in frontend development, interested in writing codes, skilled at developing complex solutions, creating responsive designs, possessing strong creative thinking skills, high energy and integrity. Ability to create algorithms effectively, and interact positively and communicate appropriately with team members. Quickly grasp new technologies and concepts to develop innovative and creative solutions to problems. Always eager to learn various technologies, tools and libraries. Especially interested in Front end/Web Development, HTML, CSS, JS, React. Excited to learn new things and improve, lifetime student. Notable achievements include boosting the conversion rate of an existing website by 80% with improved code and design.

## WORK EXPERIENCE

---

### TELEPERFORMANCE - IT INTERN

Jun 2022 – Aug 2022

#### Help Desk Technician

- More than 30+ computers daily were displayed and prepared for integration into company networks and systems.
- Refurbished PC systems and peripherals like monitors, networking hardware, printers, and more.
- Responding to more than 15+ system failure and maintenance emergencies.
- Critical information was recovered from data backups to restore.
- The computers were connected to a network and peripheral hardware.
- The computers were performed to troubleshoot to fix hardware and software failures by 30%.
- More than 10+ diagnostic tools used to identify hardware failures and replace non-functional components were learned.

## TECHNICAL SKILLS

---

HTML5 | CSS3 | JavaScript | React.js | Redux | SASS | Bootstrap | Material.UI | Axios | Yup | Python | Java | Linux | SQL | PostgreSQL | Git | GitHub | APIs | AGILE | Jira | SDLC | OOP | RESTful APIs | C# |

## SOFT SKILLS

---

Analytical Thinking | Problem-Solving Abilities | Self-Motivated | Strong Communication | Project Management | Planning | Time Management | Adaptability | Continuous Learning | Collaboration & Teamwork | Emotional Intelligence | Creativity.

## PROJECTS

---

- **Movie App** : In this project, it is aimed to display cinema posters by using the tmdb api. There is a search feature according to the entered word. Skills/Tools : React-router library, Bootstrap library, Axios library and Firebase
- **Fireblog App** : In this project, it is aimed to create blog posts using firebase realtime-database and display them on the dashboard. Adding, deleting and updating blog posts can be done. In the project, firebase realtime-database library was used for storing data, material-ui library for styling, react-router library for page transitions, formik and yup libraries for form structure and validation, and react-toastify library for notifications. In addition, firebase was used for login and authorization processes. Skills/Tools : Firebase realtime-database library, Material-ui library, React-router library, Formik and yup libraries, React-toastify library, Firebase.
- **Weather App** : In this project is to display current weather data of searched cities around the world with fetching Weather Api data. Skills/Tools : HTML, CSS, Weather Api.
- **IOS Calculator** : In this project, it is aimed to create an ios calculator. Basic arithmetic calculations can be performed with a standard calculator. Skills/Tools : CSS custom properties, Flexbox, CSS Grid, Javascript DOM, Javascript Events.
- **Checkout Page** : In this project aims to create a real checkout page of an e-commerce website, apply algorithmic design principles for dynamic calculation of the product basket. Skills/Tools : CSS, HTML.

## EDUCATION

---

**Balikesir University**

Sep 2021 – PRESENT

Computer Programming
